## Accessing the IOL Form in PowerSchool

---

- Log on to Power School
- Pull up the student's record
- The IOL form, titled IOL Requests, is located in the left-hand column, under Enrollment
- Complete the form with requested information and click submit. Be specific as to the course title and if the course is section A or B.

---

## Course Enrollments and Drops

---

- IOL requests should be completed before the start of each term
- When the IOL is approved, the site secretary must enroll the student in the correct course in PowerSchool
  - OL + Course Title + A or B
  - If it's an elective, use OL Course GE088 or OL Course Blended GE099
- Any student who wishes to “drop” or change a course must notify the teacher and site administrator within ten days after his/her initial date of enrollment in the course. If dropped within ten days, no record of the dropped course will appear on a student's report card or transcript.  
(AR 5121b)

## Grading for Online Courses

---

- Grading expectations for the teacher-of-record:
  - Teacher is expected to take attendance in PowerSchool daily
  - Teacher is expected to keep grades in PowerSchool
  - At reporting times (parent-teacher conferences) teachers are expected to communicate both the grade for the online course and the progress (percent completed to date)
- Grading for online courses follows the same grading scale as all other secondary courses
- Final grades will be issued at the end of the term but no credit is assigned until Lee Sundby verifies course completion
- If a student does not finish the course or if they receive below a 60%, the grade will appear as an F. Site teams may determine student eligibility for credit recovery (AR 5121) – see credit recovery form.
